AIoD Community Forum and ICT-49 Final Event

The AI-on-Demand Platform: Success Stories and Opportunities for European Industry and Society

In the ever-evolving landscape of European AI innovation, the forthcoming AI-on-Demand (AIoD) Community Forum stands as an opportunity for collaboration and advancement.

Taking place on November 13th and 14th, 2023, at the Aemilia Hotel, in Bologna, Italy, the event marks a pivotal moment for the European AI community.

Hosted by the ICT-49 cluster Projects in partnership with the AI4Europe project, the forum aims to explore crucial facets of the AI-on-Demand platform. Participants can expect in-depth discussions surrounding the EU Strategy and Legislation, promising opportunities for SMEs, and the vital role of Digital Innovation Hubs within the AI ecosystem. Moreover, the event will showcase the remarkable achievements and success stories from various ICT-49 projects, focusing on their impactful contributions to the advancement of SMEs.

FINAL AGENDA

DAY 1: Monday – 13 November 2023

The AI Ecosystem for SMEs and the AIoD Platform Research applied to Innovation

| Time	Topics	Presenter/s
