

## Have you ever heard about our three pillars?

First, our extensive collection features over 125000 AI-related assets, offering an unmatched knowledge repository.  
Secondly, we prioritise accessibility, enabling developers to effortlessly access and integrate technologies across various machines.  
Last but not least, we have simplified the user experience by implementing a Single Sign-On feature, which allows easy access to all content.

## Tools and Services:

Are you ready to navigate the AloD platform like a pro?  
This month's tools are...

### Research and Innovation AI Lab (RAIL)

This tool allows AI practitioners to directly explore, compare, and experiment with AI assets in the AloD platform.

## News and Events

### Prague Gaming & TECH Summit

26 March

Martin Tamajka, from the Kempelen Institute of Intelligent Technologies and part of the AloD's Team, spoke at the Prague Gaming & TECH Summit 2024, where he delivered his presentation titled "AI Revolution: Reshaping Gaming and Technology." Attendees had the opportunity to hear valuable insights on the transformative impact of AI in the gaming and tech industries.

### AloD supported the AI Tech Summit 2024

17 - 18 April

AloD proudly partnered with the AI Tech Summit, as a distinguished media collaborator, emphasising its mission to amplify AI excellence across Europe. This collaboration highlighted AloD's commitment to enhancing the visibility and impact of European AI initiatives.

### VISION AloD Practical Seminars

30 April - June 2024

A series of online seminars will bring European AI communities up to date with key services of the AloD Platform.
